ALDOFF NYERERE
Junior Software Dev

Phone: +1(612)399-6004   **LinkedIn:** Adolf-Nyerere

Email: adolfnyerere@gmail.com

I am an IT professional with experience spanning about 5 years specializing in software engineering specifically web applications and solutions for both international and local businesses. My greatest strength in software development is front-end where I can make interactive, user friendly, and modern-day UI. I am also proficient in backend development where I can create and manage APIs and Database systems. I am seeking to leverage my skills at your organization.
